

ANNUAL DAY REPORT 2025-2026

As we reflect on the Academic Year 2025-2026 we celebrate the achievements and progress made by the children of Mar Baselios ocean star Public School. This academic year has been marked by a host of curricular and cocurricular activities that saw the children of Ocean Star stride along the path towards greatness.

Our school's commitment to providing a supportive and inclusive learning environment has enabled the students to thrive academically, socially, and emotionally. We take pride in our students' accomplishments, from outstanding academic results to impressive performances in cocurricular activities.

The report provides an overview of the academic year, reflecting on the key achievements and growth experienced by students, teachers, and the school community as a whole. Throughout the year, we have worked diligently to maintain a high standard of education, foster a positive learning environment, and support the personal and academic development of all students. This report highlights the progress made across various subjects, extracurricular activities, and school events, while also acknowledging areas for improvement and setting goals for the future. As we review the past year, we celebrate our successes and look forward to building on them in the coming years.

This is an invitation to come and see what good comes from Ocean star.

Academic Achievements

We have always laid emphasis on student centric approaches as one of the crucial aspects of quality educational endeavours.

Let me tell how the children from Mar Baselios performed in the board examinations. It is our proud boast that -----

Our School has achieved commendable results in the CBSE Board examination. Out of 19 students, 2 secured Full A1 grades, showcasing exceptional academic performance.

- **Full A1 Achievers**

Ayushy Anil – 95.8%

Sivaganga G S – 94.2%

- **Other High Achievers**

Above 90%: Angel Senil, Anugraha Biju, Aksa Babu

Above 80%: Sivani S. Nair, Devanandar R, Devaganga P, Sanjay S Nair, Afsal Muhammed

Above 70%: Adwaith B K, Harigovind S, Sharon K S, Arpith Biju, Gokul Krishna B, Alphy Mary Clement

Above 60%: Muhammed Kaif, Mishael S Binu, Naveen S The Board Examination 2024–25 recorded a 100% pass result, reflecting the sincere efforts of students and teachers.)

Congratulations! Mar Baselios is basking in your reflected glory. Beginning of the Academic Year

We got off to a flying start of the academic year with a plan well designed to promote the growth of the children from all sides.

Schola Brevis marked the inauguration of this academic year which was held on Monday, June 30th, 2025. The event radiated a spirit of renewal as students and staff assembled to welcome fresh opportunities for learning and growth. A key highlight of the ceremony was the launch of various clubs, each designed to nurture creativity, leadership, and diverse talents across the school community. The programme also included the solemn Blessing of the School, invoking grace, guidance, and positivity for the months ahead. With inspiring messages, enthusiastic participation, and a vibrant atmosphere, the ceremony set a meaningful and uplifting tone for a year filled with purpose, discovery, and academic excellence.

What do you think is the first step towards academic progress?

I think it is the skill of expression. It has got tremendous importance in making the children smart and lively.

Let's see how our school promotes one of the most coveted talents of the students; the skill of expression.

After morning prayer, we have presentations of Thought for the Day and new headlines, and observation of days of special importance. In all these instances, we, the children, take up the roles of presenters and are glad to state that it has helped us to overcome our natural diffidence, and speak with great fluency.

Let's us speak about the home rule period

Students in each classroom, from Class 3 onwards, present the Thought for the Day, news headlines and speeches that convey birthday wishes. When it happens every day, we are happy to state that many students undergo the practice of making speeches which effects the changes for the best.

Role reversal, a programme that gives the children the role of teachers and to teach what they have learnt has helped many children to get beyond the issues of rote learning, and made them effective learners and speakers. We have obvious examples of how the students have become effective learners.

Class assemblies are indeed great occasions for our children to showcase their individual talents. Students from UKG classes conducted class assembly through which we learnt the smartness of our children in various realms. All classes from Std. 3 performed their class assemblies.

CLUBS

Now, let us see how the different clubs in our school have functioned. A new world of learning has ushered in with the effective functioning of the clubs.

We, the Mar Baselios family successfully run many clubs to enhance smartness in students and make them effective learners.

MALAYALAM CLUB

Malayalam club promotes the importance of having in possession of a good command of language.

What are the programmes to promote our native language?

We have got numerous class wise and school wise programmes to make the children use better language in speaking and writing.

There is a special emphasis on activities that help us overcome spelling mistakes. All the days related to Malayalam language are celebrated.

The Malayalam Club actively promoted the mother tongue and nurtured students' creative talents through various activities. Key events included Reading Day on June 19th, where students presented book summaries and created posters, and Kerala Piravi Day celebrations featuring cultural performances. Additionally, peer-led study classes supported children struggling with reading skills. These initiatives enhanced language skills, reading habits, and creativity among students.

ENGLISH CLUB

The English club aims at being a catalyst for the students to enhance their communication skills.

Let's speak about the English Literary Fest held every year in school.

Literary fest turned out to be a great platform for the children to soar high in English language and literature. Literary fest saw many students participating in various competitions namely live reporting, essay writing, poem writing, spell bee, literary quiz competition.

A special importance is given in sharpening the skills of the children in their way of communication.

The English Club played an important role in enhancing students' communication skills throughout the academic year. Various activities such as debates, elocution, storytelling, role plays, quizzes, noon tides, role reversal, news presentation and creative writing were conducted to improve fluency and confidence in English. Students actively participated in debates, skits, speeches, and anchoring programmes during school events. These activities helped develop creativity, leadership, and teamwork, making the English Club a valuable learning experience for all members.

HINDI CLUB

We lay great emphasis on learning Hindi. As part of developing the trilingual capacity expected of children of Mar Baselios, Hindi is promoted.

As part of laying special emphasis on our national language, Hindi, Mar Baselios family celebrates Hindi Week in connection with Hindi Divas. On Fridays, all prayers and other co-curricular activities are conducted in Hindi.

In Kerala, it has become a necessity to learn Hindi. Speaking Hindi is promoted as it is necessary to converse with people from different parts of the nation.

The Hindi Club organized a range of engaging activities, including role-plays, poem- making, and Akshar card creation, which fostered creativity and linguistic skills among students. A Sugama Hindi exam was conducted, with 150 students participating, to promote proficiency in Hindi. Additionally, the club designed vibrant posters to commemorate Independence Day, highlighting the importance of Hindi language and culture. These activities collectively enhanced students' language skills and cultural appreciation.

SOCIAL SCIENCE CLUB

The Social Science Club plays a huge importance in shaping the social behaviour of the children. Do you think so?

Definitely yes, it plays a crucial role in inculcating various democratic values and qualities like tolerance, equality and leadership among children.

Under the aegis of the Social Science Department we observe the important days of social and historical announcement.

Today in History is a daily programme that gives awareness to children on the important events that happened in history on a particular day.

On behalf of the Social Science Club, various activities were organised during the school assemblies on all special occasions. Important days, birthdays of great leaders, milestones of World History and Indian History, and famous historical incidents were meaningfully highlighted.

Through short talks and presentations during the assembly, students were made aware of the importance of history, culture, and civic values. These activities helped students connect the past with the present and develop a deeper understanding of society.

Overall, the Social Science Club played an active role in making assemblies informative and enriching.

MATHEMATICS CLUB

Mathematics, a hard nut to crack?

Certainly, but we have various activities to promote the interest of the children in Mathematics.

Math Week is arranged every year under the aegis of Dept. of Mathematics. And it turns out to be an ideal avenue for a free exchange of mathematical ideas and helps in developing heuristic and problem-solving attitudes among students.

Solving Rubik's cube was another highlight of Maths club which aimed at boosting solving skills of our children.

The Maths Club of Our School has planned a vibrant year-long program for 2025–26 aimed at

enhancing students' interest, creativity, and logical thinking in mathematics. The club's activities include celebrating Pythagorean Day and National Mathematics Day, organizing a Puzzle Day, hosting a Sudoku Challenge, staging a Math Carnival, and conducting Brain Teasers along with Poster Making on mathematical concepts. These events are designed to engage students with fun, interactive experiences that deepen their understanding and appreciation of maths.

SCIENCE CLUB

It is one the most active clubs in our school.

Yes, we have an astonishing array of programmes to brighten up the scientific intelligence of the children.

It's fascinating to know how students of Mar Baselios have been helped to promote their aptitude in science.

The Science Club organized various events: "Inno vision 2k25"- the science exhibition was held on 21 Nov 2025. The event showcased student projects and innovations, The club celebrated World Environmental Day on 5th June by engaging students in eco-friendly activities. Participants planted saplings and created informative placards to raise awareness about environmental conservation and sustainability.

A World Doctor's Day observance on 1st July marking Dr. B.C. Roy's birth anniversary to honour his medical legacy. The celebration highlighted his contributions and inspired students to appreciate medical science and public health.

An International Mole Day event on 23 Oct with speeches and skits to teach students the chemistry mole concept. These activities promoted scientific awareness, environmental stewardship, and appreciation for notable scientific figures.

QUIZ CLUB

Let's see what are the activities under the aegis of Quiz Club

Quiz Whizz is a monthly programme which prepares the children with current affairs and latest updates in science and technology.

The Quiz Club conducted quiz competitions for Classes 1 to 10 on various special occasions to promote knowledge and healthy competition among students. The programmes were well organised and witnessed active participation from all classes.

Our students also participated in the All Kerala Quiz Competition conducted by H&C and Federal Bank. From each class, the best two students were selected to represent the school at the zonal level competition, which was held at MGM School, Kottarakara.

The participation brought pride to the school and enriched the students' learning experience.

NALLAPADAM CLUB

Nallapadam gives us good lessons of life.

We have various programmes under this club which help the children develop a feeling of empathy towards the people who are in need.

This year we had a collection of charity to help the children who have financial constraints.

The MBOS charity programme, Swanthantheeram, aims to instill humanity and civic responsibility in young minds. Under this initiative, the school provides lunch to Amma Madom on the last Friday of every month, fostering a sense of generosity and compassion among its students. Additionally, Nallapadam children actively participated by planting various saplings in the garden, promoting environmental stewardship and nurturing a green future. By focusing on community service and social responsibility, Swanthantheeram effectively promotes values of empathy, kindness, and care for the environment among children, shaping them into responsible and caring individuals.

SPORTS CLUB

Special coaching has been given in the areas of Roller Skating, Karate, Yoga dance and music which has tremendous importance in building a healthy mind in a healthy body. Sports day at school was a great amalgamation of zeal and excitement.

*Ocean Star Footy Tournament saw ----

MBOS School celebrated its Sports Day, "Rapid Pulse," on October 10th with great enthusiasm. The event began with the dignified Deepa Shikha Inauguration and a Thrilling March Past, showcasing students' discipline and unity. Students participated in various events like races, ball basket, ball throw, shuttle run, and long jump, displaying their athletic spirit and teamwork. The event concluded on a high note, promoting fitness, determination, and sportsmanship. The school also hosted an interschool chess tournament and will be organizing an inter-house football tournament on February 3,4 & 6.

ARTS CLUB

The Arts Club embarked on its creative voyage by starting with **eco-friendly craft activities using waste and natural materials**. It aimed at the overall development of students.

The Art Club conducted a creative activity showcasing class-wise student talents using waste paper, coconut shells, tricolour crafts, and other innovative materials. Students actively participated, displaying creativity, imagination, and environmental awareness while developing artistic skills, teamwork, and confidence.

IT CLUB

The IT Club organized a range of engaging activities, including ice-breaker games, informative speeches on computer technology, and hands-on sessions on web development, Python programming, PowerPoint presentation and orientation classes on AI & machine learning. Students also explored 3D painting and showcased their skills in an IT exhibition, fostering creativity and technical expertise among students.

A seminar was successfully organized and inculcated the students with both cognitive and technical skills.

OCEAN STAR RADIO

What do you think about our Radio? We

can express ourselves.

We can speak about many things.

We can sing, tell stories, recite poems and do a lot many more.

It provides a fantastic platform for the children to help build self-confidence, develop speaking and listening skills.

‘Oceanus Radio Mango’, The F.M. Radio station is an avenue created in school that encourages the innate talents of the students and is organized during the lunch break time of the school.

DEBATE

One of the best academic exercises we cherish in our school.

Among so many programmes that have served the children in making them fluent in their expression, the debate competition deserves a special mention.

The aim of organizing a debate competition is to hone the public speaking skills of the students and teach them to be articulate while expressing their thoughts and opinions.

Classes 7, 8 ,9 and 10 were the participants in the debate competition. Socially relevant topics were selected for discussion. Debate competition caused the rise of ardent proponents and opponents of various views. Besides, it was a great occasion for the children to come up with their views, not to mention the improvement of their skills of expression.

The Debate Club activity was conducted successfully with active participation from students of Classes 7 to 10. The event provided a vibrant platform for students to express their ideas and sharpen their speaking skills.

All participants performed with confidence and enthusiasm. The judges selected the best debaters based on clarity, logic, and expression. The final round, held between Class 7 and Class 10, was engaging and thought-provoking.

The winners of the debate were students of 10th Standard. Overall, the programme was enriching and encouraged students to think critically and speak boldly.

Personalized Learning Programme

We have introduced a Personalized Learning Programme for students who need special care and attention. This programme provides individual attention to those students who need help with their studies. Teachers find extra time to give personal support and care.

We have a lot of good memories of Onam and Christmas celebrations in our school. Let’s have a look at the photos. These photos take us back to beautiful days of picnics organised for the different sections of the school.

CONCLUSION

25 years of effective educational endeavours are still carried forward in a matrix of the relational existence of the components of Mar Baselios Family.

Academic fervour pulsing in the raison d'être of Mar Baselios has made the school the first choice of parents who are all poised towards action to give a better education for their children.

What the school has conveyed for long remains etched in the hearts of thousands of parents and children.

Many milestones have been achieved and we have a long way to go. Mar Baselios School will continue our unceasing efforts to mould young minds into well-balanced personalities with confidence and zeal.

Thank you so much!

Thank you dear for the inspiration we can draw from your life.

Thank you everyone in the Mar Baselios Family.
